

(Councillor's name)
Islington Town Hall
Upper Street
N1 2UD

Dear Councillor

I am writing as one of your constituents, as it has come to my attention that Islington Council has sacked Gary Bolister, a caretaker who has worked in and for his community all his working life.

This decision is an injustice that has devastated Gary and his family, affecting his mental health, his relationships and his financial wellbeing.

Despite the full remorse Gary has shown and his offer of an apology for the incident the Council continue to show Gary no compassion or humanity.

As my local councillor I am asking you to put pressure on the Council leadership and senior management to see sense, show compassion and re-instate Gary as soon as possible.

Please could you let me know how you will help?

Yours sincerely

(Your name)
